

## **HELPING OUT AT BRIXHAM YACHT CLUB**

First, thank you if you completed a Volunteer Resources form. These have already proved very useful to the Club.

Now, we are looking at specific tasks for 2010. If you did not complete a form, please would you take a minute to read this to see if you can help.

You do not need previous experience, nor do you need to be a sailor or have any sailing experience. We need you especially if you do not race. We will show you what needs to be done step by step. All you need is enthusiasm!

We are looking for people to deal with even a small part of any of the following in the BYC Race Management Team:

### **Race Management**

Assisting the Race Officers at Battery Point (mainly Thursday evenings, Sunday mornings, or Saturday afternoons) or on the Committee Boats.

Tasks: Flags, guns, time recording, observation.

### **Race Office**

Assisting the Regatta/ Sailing Secretaries in dealing with administration of entries, results, protests. If you have computer experience this is a bonus!

### **Beach**

Shoreside assistance to Beach Master for launching/recovery of competition dinghies, assisting competitors, shore-side flag hoists for Club events/ racing & Championships.

**If you think that you can help in even a small way for the above, please either pick up a form from the table just inside the club or contact me by leaving a message at the Club, or on 01803 855401**

Robin Meads  
Sailing Secretary BYC
